COMMERCIAL PLANNING

What buyers can plan around.

Order planning Commercial quantities depend on product complexity, artisan capacity and the level of hand finishing required.	Customization Dimensions, materials, colours, finishes, motifs, labels and packaging can be developed around the buyer brief.
Timing Sampling and production are planned around workmanship, drying/finishing time and order size rather than a fixed catalogue lead time.	Quality Approved references, dimensions, workmanship, colour/finish consistency and export packaging can be built into the inspection plan.
